

Evangelism at the heart of the Church's mission

The United Protestant Church of the Heart of Hérault spans three cantons: Clermont-L'Hérault, Gignac and Lodeve. With the arrival of new families, the current premises have become too small. Daily activities are expanding; a music group and a choir lead the weekly service. The church is struggling to accommodate all the parishioners on Sundays.

The idea of a new Protestant space

It all began with one parishioner's wish to donate a 7,250 m² plot of land to her community to build a new church. Her generosity in making this exceptional donation is felt as a sign from God, sparking enthusiasm and gratitude.

The building project took shape in 2021. The need to expand and respond to the community's dynamism is one of the reasons : the key is to equip ourselves to live out the Gospel as a liberating force for a growing population.

service attendance has doubled !**

The building project is driven by men and women committed to spreading the Good News of the Gospel. A monthly prayer group is providing spiritual support for the project. Dozens of people are taking turns seeking to discern God's will so they can better share the Gospel in this new church community.
