

A legacy to build together

Become an ambassador for the project

You will be contributing to the spiritual life of a rapidly developing region

You will be supporting an environmentally friendly and sustainable project

You will be joining an open Church that values fellowship, solidarity and young people

Offer your skills !

Reception
Communication
Logistics
Site preparation...

The seven key strengths of the project

1. A donated plot of land that makes the project possible
2. A commitment to innovative evangelism
3. A strong foothold in an expanding region
4. A growing Protestant community
5. An environmentally responsible Protestant Church
6. A structured and concrete architectural project
7. Secured funding and a unique opportunity to join the founding members
